

SAIL BAGS & ASSOCIATED PRODUCTS

Club member Steve Wilson says:

“My friend & former work colleague, [Tony Loader](#), has recently returned from 10 years working overseas and re-started his home sewing business.

“Initially started many years ago to support his interest in speedway, providing custom made racing suits & bibs, Tony has now turned his hand to made-to-order sail bags & associated products.

“These are quality products, seams are overlapped & edges double stitched.”
