

EVINRUDE 8HP 2-STROKE SHORT-SHAFT OUTBOARD

Member Jim Coulter says:

“I am offering for sale my brother’s Evinrude 8hp twin cylinder 2-stroke short shaft outboard with fins and a Yamaha fuel tank.

“He lives on a houseboat on the River Murray and used this on his tinny. Not very often. After he had it serviced he left the fuel lines, not connected, in the dinghy for a good period and when it wouldn’t start decided he’d just buy new.

“It’s been stored under wraps and under cover for a few years. I cleaned it up and it started and runs very sweetly. I have used 1:25 initially for the fuel mix. It runs on a 1:50 mix. There’s about 1.5 litres in the tank.”
